

Dearest Invertigo friends,

I am OVER THE MOON to tell you that **Formulae & Fairy Tales** will have its world premiere at **The Broad Stage** on September 13 & 14. This show has been 12 years in the dreaming for me, and to know that it is being produced on such a beautiful stage is completely incredible to me.

I can't wait to share the full work with you - there's so much to do before that, and it can feel daunting at times. Imposter syndrome is real, y'all. But I know we are surrounded and held up by this amazing community - that's you! Thank you.

We performed at the Broad Stage's season announcement Monday, April 29th and the dancers brought the house down. It was also meaningful to share the stage with outgoing Broad Stage Director, the Queen Jane Deknate, and incoming Director, the Fabulous Rob Bailis.

Math, sex, fairy tales, death, and a lot more humour than that suggests. Let's go, queens.

- Laura Karlin, Artistic Director

**World Premiere at The Broad Stage
September 13 & 14**

Formulae & Fairy Tales places the worlds of mathematics, artificial intelligence and cryptography into a vivid, twisted fairy-tale palette of romanticized beauty. The multi-

dimensional story casts the life of Alan Turing, mathematical genius and World War II codebreaker, into the Technicolor and mythologized ideas of his favorite film, Disney's *Snow White and the Seven Dwarfs*. Step into a world of lush dance, dynamic theatre, math, sex, fairy tales, humour, and death.

Single tickets will be on sale beginning July 15th. You can purchase a Broad Stage dance series subscription today and save 20% off the single ticket price.

Reserve Tickets

On April 29th, Invertigo was invited to perform a short section of *Formulae & Fairy Tales* at The Broad Stage season announcement. It was such a joy to be able to introduce the Broad Stage guests to a piece that has been in the works for over a decade.

Invertigo's Happy Hour: A celebration of friends new and old

We want to send a big thank you to all of you who joined us at the Invertigo Happy Hour on May 4th. It was such a pleasure to spend the afternoon with our longtime supporters, while meeting so many new faces.

Attendees were able to meet and mingle with Invertigo staff and Board Members and learn about Invertigo community programs. They were also among the first to hear about *Formulae & Fairy Tales* at The Broad Stage.

The Invertigo community is made up of a beautiful group of supporters who continue to thrive and grow. We can't wait to continue moving upward, outward, and sometimes upside down with you by our sides. Please keep a lookout for more Invertigo news to come this summer!
