2020 Formulae & Fairy Tales Florida Tour!

Photo by George Simian

The **University of Florida Performing Arts** presents Invertigo Dance Theatre's *Formulae & Fairy Tales* on **Wednesday, February 5 at 7:30 pm at Phillips Center in Gainesville**. *Formulae & Fairy Tales* casts the life of Alan Turing, mathematical genius and World War II codebreaker, into the Technicolor and mythologized ideas of his favorite film, Disney's *Snow White and the Seven Dwarfs*, placing the world of mathematics, artificial intelligence, and cryptography onto a vivid, twisted fairy-tale palette.

Formulae & Fairy Tales received its world premiere in September 2019 at The Broad Stage in Santa Monica, CA. The Los Angeles Times called it "meaningful and poignant" "breakthrough show," adding "*Formulae & Fairy Tales* beautifully carries the audience from scenes of innocent childhood play to visions of romantic love, from high-level mathematics and artificial intelligence to war,

gender categorization, Adam and Eve, and Snow White.”

Board Retreat

In December, Invertigo had a wonderful end of year Board and staff retreat. We welcomed our new Board members, Carla and Pam, welcomed Rachel as our Interim AD, and invited our Producing Director, Leslie Scott, to join us as our guest presenter to get us ready for our amazing national tour of *Formulae & Fairy Tales* in 2020!

**Congratulations to our Executive Director
David Mack!**
